## 1987 TOURNAMENT GUIDE

Exclusive tournament boat for the Walt Disney World Ski Supreme Classic

The new 1987 Ski Supreme Hull

# Hull of Fame

*The pursuit of perfection is over*

Is there any skier in the world who wouldn't want a boat with this hull to pull them?

Look again at the picture. This is Ski Supreme's new and exciting hull. It is revolutionary in design, all fiberglass and polished to a mirror finish. You can see why it's called the *Hull of Fame*.

Notice the tracking strakes, the spray rails and the molded shaft log — just a few of the exclusive features of this new hull that makes the 1987 Ski Supreme faster, more fuel efficient and extravagantly stable. In boating circles, this is called the *perfect* hull.

This hull is matched perfectly with a deck and interior customized to your choice of luxurious fabrics and colors. And, any ski expert will tell you this boat represents a fantastic value. You'll wonder how Ski Supreme does it.

The answer is in knowing how to design and manufacture perfect boats. Carlos Macier, President of "The New" Supreme Industries has been designing and building boats for over 25 years. He is a leading expert in competition ski boats. His buyers purchase only the best materials from selected suppliers.

This gives you the confidence, when you're behind the wheel of a Ski Supreme, you're behind the wheel of the best Six Event ski boat in the world.

* The South Texas Intermediate Championship Series (S.T.I.C.S.) is intended to give the beginner and intermediate slalom skier an opportunity to compete at his or her skill level. The series will include 13 tournaments covering seven ski sites in the south Texas area. Points will be awarded for each tournament and the top five skiers in each division will receive prizes at the end of the series.

A skier's top 6 tournament scores will be counted toward his total. Each tournament will be run the same way with each skier seeded into one of the 3 men divisions or 2 women divisions. The top division will have a break out point of a Masters rating.

Note: Each tournament included in S.T.I.C.S. will also stand on its own.

The 1987 Season

To My Region--The South Central

Dear Fellow Skiers and Officials:

It has been a pleasure for me to serve as President of AWSA for this year. I look forward to our Region and AWSA having the best year ever.

AWSA is on the move and the South Central Region is doing its part, as usual...I would challenge each of you to be involved and "get a piece of the action."

I am always proud of the South Central--its skiers, its officials, its leadership, and its hospitality. Let's get out there and get with it again this year, in the same old traditional manner!!

I feel confident of seeing most all of you somewhere during the '87 season. I'll look forward to that!

Sincerely,

Jeffry Armstrong
President, AWSA

# The Ski Nautique. Before You Get Your Hands On It . . . I Test It.

"When you take your Correct Craft out, it's pure pleasure. For me, it's work.

"I'm Rusty Boyd. I test Correct Craft boats, like this Ski Nautique.

"Maybe you didn't know that every Correct Craft boat is tested, on a precision course, in a lake. Not a tank, like some companies use. A lake. Good weather and bad. And not a sampling. Every boat. I test it for steering under loads. Vibration. Alignment. Instrumentation. And most of all, I want to hear that engine purr when I punch the throttle.

"If there's a problem, we fix it, before you get your hands on it. If there isn't, I sometimes take an extra lap around the course. Just because it's work, doesn't mean I can't enjoy it."

ON THE WATERS OF THE WORLD SINCE 1925

# Words of Wisdom

Well, another year, another season for waterskiing. It seems that time in the off season just flies by us in the "Sun Belt", and before you know it (and before you are physically ready for it) it's time to head out to the lake for the ceremonial re-training of the various appendages used in this sport. First you have to get all your "stuff" out of mothballs, you know, un-winterize your boat and blow the layers of dust off your skis, that sort of thing. If you're a barefooter I suppose you can just wash your feet or something to get your "skis" ready for action. By the way, that was a great plan you had last September when you vowed to really keep in shape this winter and ski on at least some sort of regular basis. Really now, three trips to the water in an entire winter isn't exactly "regular" skiing is it? Anyway, the sun's out now and it's time to get organized so you can make a respectable showing at your first tournament. Oh, oh PANIC is setting in now. How can you possibly get ready for the first tournament in such a short period of time? After all, not only do you need to get some time on the water, but you also probably need to go a couple of weeks without eating right? No, no, don't lose your head, settle down. Remember, all the time you were breaking in the new Lazy Boy recliner, your skiing friends and competitors were convincing themselves that they were not skiing this off season because they really were going to become an asset around the home. Well, not only are they as out of skiing shape as the rest of us, the shelves that were to be erected in the study before Christmas are still in the box in the garage. To make matters worse, now they can't find the box, because the big plan for cleaning out the garage didn't exactly "pan out" either. Oh well, it's too late to worry about those minor details now since skiing season is here again. Be careful not to let the kids play in the garage though or you may not see them again until next skiing season (actually that doesn't sound so bad does it?).

Ok, the first thing to do is to get the boat and all your skiing gear tuned up and ready to go. No, wait, you have to get your friend out of his Lazy Boy first so he can help you. Alright, now the boat's ready, the skis are all shined up and you're ready to cruise. No, no, put that back, you can't take the leather recliner to the lake with you. It's the season for lawn furniture now. Off to the lake now for your first practice runs of the season. Ok, let's be sensible now, you should always stretch before you "hit the water" (that's just a figure of speech hopefully). Alright, don't get out of hand with the program, there's no reason to go into contortions and relocate your arms and legs like Gumby. Just stretch out a bit and you'll feel better when you get going. Remember, take it easy the first time back on the water. Calm down the trick run a bit, Cory's not competing against you today. Slow the slalom speed down a tad and take a couple of slower, easy jumps the first few times over the ramp. Great, now you're beginning to get the feel of it again and the confidence level is building. Keep up the skiing, the first tournament is just around the corner.

Well, we've turned the corner now (pretty quick turn, eh?) and it's time to get moving to the site for the first event. Oh yes, remember you do have to get up before 10:00 a.m. on Saturday mornings again. Even if your event isn't first, you can help judge, drive or time the poor unfortunate souls that have to ski at 7:30 in the morning. Yes, the Smurfs will have to get along without you for the summer, but that's the price you pay for fun. If it will make you feel any better about missing your Saturday morning cartoons, let me point out that you are probably going to look like Fred Flinstone (or Wilma as the case may be) on your first pass through the course. Don't feel too bad though, because your buddy that just "arose" from the Lazy Boy will be exhibiting the grace of Dino, the Flintstones' prehistoric housepet.

Regardless whether or not you provide the crowd with a "gold medal" performance on your first outing this year, remember, you're in this sport for the fun and fellowship with your competitors. Besides, there will be

# New for 1987! AWSA's Membership & Insurance Program

**Each AWSA member who joins as a Competitive Member, Officials Member, Club Member, Intercollegiate Member, or Ski Show Member will be included in AWSA's comprehensive liability and medical insurance policy. Family members can also sign up for insurance.**

## *How do I become eligible for AWSA's comprehensive general liability coverage?*

You must first affiliate with the American Water Ski Association in one of the following membership categories:

| | |
|---|---|
| Competitive Member | $30 |
| Officials Member | $30 |
| Family Member | $30 |
| plus $15 for each individual member of the family who is to be included in the policy | |
| Club Member | $25 |
| Intercollegiate Member | $25 |
| Ski Show Member | $20 |
| American Barefoot Club Membership | $15 |
| (must be an AWSA Competitive or Officials Member to join ABC) | |

## *What are the benefits of joining AWSA as an individual member?*

All of the membership categories listed above include a $100,000 medical accident policy for each individual member. The policy covers medical or surgical expenses, including hospitalization, X-rays and dental care, in excess of (but not covered by any other valid and collectible insurance policy. If a member does not have other insurance, the policy starts paying after the first $100 of expenses.

Each AWSA member is also covered by a $1 million comprehensive general liability policy for bodily injury, personal injury and property damage as well as one-half million dollars of coverage for participant legal defense.

Competitive Officials, Intercollegiate and Ski Show Members in good standing are eligible to participate in AWSA-sanctioned tournaments.

All AWSA members will receive their own personal copy of the Water Skier magazine, published 7 times a year, and an AWSA decal.

## *Types of Membership*

**Competitive Members,** upon payment of a $30 membership fee, are eligible to participate in AWSA-sanctioned tournaments. They receive a Skier's Performance Booklet (replaces the former AWSA Rating Card), full medical accident and liability insurance coverage, the Water Skier magazine and a decal.

Any skier who also officiates has signed up as a Competitive Member. If he/she does not have to pay an additional $30 is also required as an Officials Membership Booklet (judge and scorer) to record and verify your officiating.

**American Barefoot Club Members** must first register as an AWSA Competitive or Officials Member and then pay an additional $15 fee for ABC affiliation. ABC members are eligible to participate in barefoot tournaments sanctioned by AWSA. In addition they receive the Barefoot newsletter and a Barefoot Performance Booklet to record verify performances.

**Officials Members,** upon payment of a $30 membership fee, are eligible to participate in AWSA-sanctioned tournaments. They receive an Official's Performance Booklet (judges and scorers 1987 full medical accident and liability insurance, the Water Skier magazine, a decal.

**Family Memberships** may be purchased for $30. This fee covers the registration of a husband, wife and all dependent children who are 18 years old or younger. A Family Membership receives the Water Skier magazine and a decal. If individual members of the family plan to participate in AWSA events and tournaments, or if the family is part of a club that wants to be protected by AWSA's $1 million liability insurance policy, each individual member of the family must pay an additional $15.

**Club Members,** upon payment of a $25 membership fee, receive the full medical liability coverage, the Water Skier magazine and a decal. Club Members are eligible to participate in home-club fun tournaments and other club recreational and social activities. Under these conditions the club and the member are not protected by AWSA's comprehensive individual and club insurance policy. Club Members cannot participate in AWSA-sanctioned tournaments.

**Intercollegiate and Ski Show Members,** upon payment of a $25 membership fee, are eligible to participate in intercollegiate and ski show tournaments sanctioned by AWSA. This fee also provides the liability coverage for their club or team if all members of the club or team are registered with AWSA.

At any time an Intercollegiate or Ski Show Member wishes to participate in an AWSA-sanctioned tournament, he may give to the tournament registrar (or send to the national office) his Intercollegiate or Ski Show card and $10, to enroll to re-classified as a Competitive Member.

A **Clinic Member,** upon payment of a $10 membership fee, will be eligible to compete in Class T (novice) sanctioned tournaments. This membership is designed specifically to encourage young inexperienced skiers to participate in entry-level tournaments. The Class T tournaments will be sanctioned and protected by AWSA a $1 million liability policy.

A Clinic Member may, at any time, become a Competitive Member by exchanging his Clinic card and $15. This permits participation in tournaments other than Class T tournaments.

**Supporting Members,** upon payment of a $15 fee, will receive the Water Skier magazine, a decal and an AWSA patch. The insurance coverage is not a part of their membership.

## *How long does my membership last?*

Starting as of January 1, 1987, **ALL AWSA** memberships (club and individual) will expire on December 31 of each year. The medical/accident and liability insurance will be in effect from the time you register until December 31.

## *What should I do if I have already paid $15 for a regular AWSA membership that does not expire until later in 1987?*

Individuals who are already AWSA $15 regular members will continue to receive the magazine until their current membership expires.

However, they cannot use this present card to enter a 1987 AWSA sanctioned tournament, nor, will they be contributing to the full liability coverage of their club **unless** they purchase a new 1987 membership which includes the insurance policy.

Individuals who purchased their current membership after October 1, 1986 may return their card with an additional $15 in order to receive the insurance benefits for 1987.

Individuals whose membership expires before October 1, 1987 must pay the full fee for whichever membership they are registering.

## *How can I change my membership category?*

In all cases changing a membership to a "Competitive" or "Officials" category can be done by returning your current membership card to AWSA Headquarters with the appropriate additional fee to total the $30 fee required for the advanced category. This can be done when registering at tournaments.

## AWSA Insurance

**Medical:** AWSA club members, officials and competitors are protected by a $100,000 accident insurance policy that is non-duplicating, $100 deductible. Non-duplicating means that it takes effect after coverage of your primary insurance policy has been used up. If you have no other insurance, AWSA's coverage takes effect after the first $100 is paid.

This coverage is in effect during the following situations:

1. Injuries suffered during competition sanctioned by AWSA.
2. Injuries suffered during travel to or from a sanctioned tournament or practice session, as long as the injured member is part of a group traveling together under the supervision of an adult.
3. Injuries suffered during practice sessions organized by an AWSA affiliated club and supervised by an AWSA certified coach, registered official or representative of an AWSA affiliated club.

The insurance policy provides medical or surgical expenses including hospitalization, beginning within 30 days of the injury. It covers services and supplies rendered within 52 weeks of the accident. Dental expenses are covered up to a maximum of $500 for injury to or loss of natural teeth, excluding dental X-rays/visits.

**Liability:** AWSA's liability insurance provides coverage up to $1 million for directors of sanctioned tournaments, member coaches, member officials and administrators of AWSA affiliated clubs named in legal suits brought against AWSA for bodily injury, personal injury or property damaged during AWSA-sanctioned tournaments. The policy also provides up to one-half million dollars coverage for legal actions brought as a result of injury to participants.

This policy is in effect for all activities sanctioned by AWSA and for programs organized and administered by an AWSA affiliated club which has registered all of its individual members with AWSA.

- Participant injury refers to skiers or officials injured while participating in a sanctioned tournament or supervised practice.
- Bodily injury includes spectators attending the sanctioned tournaments.
- Personal injury refers to false arrest, wrongful eviction, wrongful detention, libel and slander.
- Property damaged in the care, custody and control of AWSA and its designated agents is covered. Personal property of the skiers, drivers, coaches and attendants that is stolen or damaged at the tournament is not covered. Boats, skis, jackets, etc.)

# "Its those hidden features that really count."

Its the features you can't see that make the Magnum Skier the top proven performer.

Hiding beneath the colorful inlaid finish of the Magnum Skier is a hand laid fiberglass hull and deck assembly of the latest laminate technology. Added strength from ultra light cormat, urethane foam and the finest marine grade plywood. Simply put, our boats are built tough. The Magnum Skier is fitted with four full length kiln dried fir stringers encased in a fiberglass laminate. Quality constructed to add strength and to prevent moisture penetration. We've designed a stringer system many times stronger than just fiberglass. Proven performance excellence from the bow's semi vee to the flat bottom stern. A proven design for a small wake, low spray, quick responsive handling and excellent true tracking.

It doesn't matter if you are a world class ski competitor or an amateur, we know you'll be impressed. Experience the Magnum Skier from Marlin for yourself. Do it today.

Your Magnum Skier experience begins with your authorized Marlin boat dealer.

## August 12, 13, 14, 15, 16, 1987

Please accept my entry in the events marked (X) below in the 45th Annual National Water Ski Championships and/or the United States Open Water Ski Tournament now at Ibis, Palm Beach, Fla., August 12, 13, 14, 15, 16, 1987.

**RELEASE**

In consideration of your accepting this entry, I hereby for myself, my heirs and successors, and/or for the minor for whom I am signing, do (1) authorize you to seek on my behalf all reasonable medical and surgical care that might be necessary if I am unable to authorize such care myself as a result of some injury, (2) release and forever discharge the organizers of the above-named tournament, the American Water Ski Association, the Ski Club of the Palm Beaches, the Palm Beach County Parks and Recreation Department, and any agency that may be assigned to cover the tournament, their agents, servants, and all persons officially connected with the tournament, from any and all rights, claims and demands of any nature for any and all loss, damage or injury sustained by me or my equipment during the tournament, and we agree never to institute any suit or action at law against any such organization or individual described in this Release. (3) Notwithstanding this agreement, such a suit or action at law is brought, we agree to indemnify any such organization or individual described in this Release for all costs, liabilities, attorneys and proceedings, (3) grant to the organizers the right to use any photographs, television or motion pictures taken of me during the tournament, and (4) agree that the organizers have the right to control or prohibit advertising material used with or displayed by me at the site during the tournament."

"I, or the minor for whom I am signing, further understand, appreciate and accept the potential risk of personal injury inherent in participating in the tournament."

"I further understand that the organizers reserve the right to disqualify me and to refuse to allow me to compete in the tournament for any reason that they deem just and proper, and in such event I will be entitled to the return of my entry fee and no more."

***ENTRY DEADLINE — 5 P.M., TUESDAY, AUGUST 4, 1987***
***IMPORTANT — SEE REVERSE SIDE***

## IMPORTANT

Please carefully read the information below regarding entry qualifications and procedures for the 1987 National Water Ski Championships and the U.S. Open Water Ski Tournament. Meeting entry qualifications and following the necessary procedures will decide whether or not you compete in the 1987 Nationals. The contestant is solely responsible for meeting entry qualifications and providing proof of eligibility within the stated time limit.

## ENTRY & ENTRY DEADLINE

All entries must be on the official 1987 National Tournament Entry Form. No other form of entry will be accepted.

All entries for the 1987 Nationals **with attached entry fee** must be received by AWSA Headquarters, Winter Haven, Florida by 5 P.M. Tuesday, August 4, 1987 to avoid penalty. After this time entries will be accepted provided the contestant pays a late fee of $10.00 per 24-hour period or portion thereof, payable to the American Water Ski Association. Late entries will be accepted at AWSA Headquarters until **NOON, AUGUST 7, 1987,** or by the Chief Registrar at the National Tournament Headquarters until **NOON, AUGUST 11, 1987. ABSOLUTELY NO ENTRIES WILL BE ACCEPTED AFTER THIS TIME AND DATE.** For verification that your entry has been received at AWSA HEADQUARTERS by the deadline, send it **CERTIFIED MAIL, RETURN RECEIPT REQUESTED**; otherwise AWSA assumes no responsibility for entries.

**QUALIFICATIONS** for entry in the 1987 National Championships and the U.S. Open Water Ski Tournament and the method and deadline for submitting entries are spelled out in detail in the Official Tournament Rules. Rule books are available to AWSA members on request (without charge) from AWSA Headquarters, Box 191, Winter Haven, FL 33882.

## REGISTRATION

In order to compete in the 1987 National Championships and the U.S. Open Water Ski Tournament, all contestants must register at the tournament site, either in person or through a representative, and provide proof of qualification for the events entered. Registration will take place at the tournament site from 10:00 A.M. to 5:00 P.M. Tuesday, August 11 and from 7:00 A.M. to 5:00 P.M. Wednesday, August 12 through Friday, August 14 when registration closes. All required proof of qualification must be submitted to the registrar no later than one-half hour before the scheduled start of the contestant's first event, but in all cases registration must occur within the allowable hours as listed on the entry form and in The Water Skier magazine. This means that skiers in first events on Wednesday, Thursday and Friday **MUST** register the previous day. Skiers whose first events are scheduled Saturday or Sunday must register prior to Friday closing. Whenever possible, contestants are urged to submit proof of their qualifications with this entry form. The official AWSA registrar assumes no responsibility in the case of inadequate qualifications on the part of a contestant who has someone else registering for him.

## PROOF OF QUALIFICATIONS

You can expedite registration by submitting photocopies of your current membership card and signed rating/EP cards with this entry form. Be sure to have the originals of your membership card and rating/EP cards with you when you register at the tournament site. Ratings/EPs are valid only if an Official Record has been received by AWSA and the $1.00 filing fee paid. If the Official Record portion of your signed rating/EP card has not been forwarded to AWSA Headquarters, you may submit it with this entry form along with the filing fee or you may submit the Official Record and the filing fee at the registrar upon registering at the tournament site. The status of all ratings/EPs will be checked by computer.

## U.S. OPEN

The U.S. Open is a separately sanctioned event open to any skier meeting the qualifying standards provided that said skier is a member in good standing of an affiliate federation of the World Water Ski Union. A skier qualifying for the U.S. Open in any event is not required to ski in that event(s) at the Regional Championships. A skier may not ski in an event in both the Nationals and the U.S. Open Championships. A skier may enter an event(s) he is not qualified in the U.S. Open.

**Mail this application to the American Water Ski Association, P.O. Box 191, Winter Haven, Fl. 33882, via Certified Mail, Return Receipt Requested.**

# KIDDER DESIGNED THE BEST SKI ON THE MARKET...

## The Best At Any Cost

Competitive waterskiers are picky when it comes to their equipment. They demand the best, at any cost!

Kidder manufactures world record breaking skis. They are even used by skiers with brand "X" sponsorship.

In the interest of providing their skiers with the finest equipment available, some manufacturers have agreed to allow their skiers to use competing brands as long as they are made to look like their equipment.

## Kidder Would Like To Set The Record Straight

When you buy a ski the reputation of the manufacturer is an element in your decision. "Brand X skiers hold every major world record" is a statement heard often in this industry. But is it true?

# ...AND THE COMPETITION BOUGHT IT

On the surface, yes, it could be that their skiers may hold more records than any other, but take a close look at the equipment they used and you may be very surprised.

We did, and here's what we found.

## Partial List of Some Kidder Accomplishments

| Record Victory | Skier | Record Victory | Skier |

# American Kneeboard Association

It seems like everything starts with the sentence "Gee, wouldn't it be neat if we could ....." and so it goes, and the American Kneeboard Association is no exception. It started with a few avid kneeboard riders in the south central region of the United States doing kneeboard promotions and impromptu tournaments with makeshift rules. They contacted acquaintances and some kneeboard dealers in the area with the association concept and from these humble beginnings the A.K.A. was born. The AKA has caught on like wildfire as more and more people learn of organized competitive kneeboarding, and as the kneeboarders have caught on, so have the kneeboard manufacturers and others in the water ski industry. The industry support has been terrific and is helping the AKA to grow and expand at an incredible pace! In less than three years, the AKA has become a viable national association and boasts members from all over the world!

The ultimate goal of the AKA is to elevate the image of kneeboarding from that of 'just another water toy' to that of a viable international sport, and to be the national authority on the sport of tournament kneeboarding, much the same as the American Water Ski Association's relationship to water skiing.

The main focus of the AKA as it strives to spread the word about kneeboarding is on fun on your kneeboard. Everyone will enjoy a sport more as they become more proficient at it and associate with others who are learning and showing their skills. With this in mind, the AKA has been active over the winter in boat, sport, and travel shows showing videos and talking with kneeboarders all over the country. An instructional/entertainment video is currently in the works that will be available soon through the AKA. The AKA is also promoting kneeboard clinics through marine dealers and a series of kneeboard tournaments throughout the country.

The kneeboard tournament format closely parallels the AWSA, with the exception of the jump event, which the AKA does not endorse. The slalom event uses the same course as the AWSA and the World Water Ski Union, with the addition of an extra set of turn balls 10' closer to the boat lane from the standard water ski turn buoy. This course is run as speeds ranging from 18 to 24 mph. The second event is tricks. This event, as in the AWSA, consists of two passes of 20 seconds each in which the kneeboarder completes tricks worth various points scores. The third event in kneeboard tournaments is a flip event in which the competitors attempt 10 flips in the shortest period of time. This event is obviously not for everybody, but is open to those who wish to participate, and is great fun for the spectators.

The slalom and tricks events are designed to be easy for the beginner to participate in yet the challenge to improve is endless and all events are great fun for kneeboarders and spectators alike!

For more information on how you can be a part of the fun and get in on the kneeboard action, contact: American Kneeboard Association Rt. 1 Box 30 Billings, Mo 65610

## A MESSAGE TO THE SOUTH CENTRAL REGION!

From: Carole Lowe
Director/Curator
AMERICAN WATER SKI EDUCATIONAL FOUNDATION (AWSEF)
WATER SKI MUSEUM/HALL OF FAME

Thank you for your past help and for your interest in the programs of the American Water Ski Educational Foundation. Your financial assistance is sincerely appreciated and along with others like you provides the funding for:

- the United Water Ski and Barefoot Teams
- Scholarships to qualifying individuals involved in the sport
- a showcase Museum and Hall of Fame

### AWSEF IMMEDIATE GOALS:

1. Raise funds for the Junior Team that will compete in the World Cup, July 18-19, 1987 in Sherbrooke, Quebec.
2. Raise funds for the Team that will represent the United States September 14-20, 1987 at the World Championship in London, England.
3. Increase the amount of the individual Scholarship awards.

### AWSEF LONG RANGE GOAL:

The American Water Ski Educational Foundation Board of Trustees at the mid-winter meeting approved the concept of proceeding to determine the potentials of a training site and expansion of the Museum and Hall of Fame building to meet the needs of the future.

To accomplish the immediate and long-range goals the Foundation needs money, but just as importantly the Foundation needs PEOPLE to help meet the challanges and ever increasing demands of it's programs. Learn how you can help, by becoming an AWSEF VOLUNTEER. For information send your name, address and phone number to: AWSEF VOLUNTEER, 799 Overlook Drive, Winter Haven, FL 33880.

Your participation is important to convert today's wishes into tomorrow's realities.

## AMERICAN BAREFOOT CLUB

Like traditional three-event skiing, tournament competition in barefoot waterskiing also consists of three events: tricks, wake slalom, and jump. Tricks are the premier event in barefooting and jumping is reserved for only the most experienced footers.

TRICKS: The format is very similar to three-event tricking except that boat speeds are much faster and tricks are somewhat different. Simple tricks include: one-foot skiing, tumble turns, surface hop, and toe hold.

WAKE SLALOM is a contest of how many times the skier can cross the boat wakes in two 35 second passes. Crossing on one foot or skiing backwards earns more points per crossing.

JUMP: Barefoot jumping is similar to ski jumping except for the construction of the jump and the boat speeds used. The barefoot jump ramp is 1.5 feet high and 4 feet long from the water to the lip. Skiers will jump at boat speeds of up to 42 MPH. Because of the potential danger, barefooters are required to demonstrate barefooting proficiency before they are allowed to jump in competition.

### Barefoot Tournaments

Many barefoot tournaments are not scheduled in time to be printed in this guide. Consult the ABC "Footprints" newsletter or contact a member of the ABC regional council for the latest schedule information.

All barefoot tournaments in the SCR have a novice division for beginners as well as age divisions. Tournament organizers arrange and provide the boats and officials. The participants are usually just as intent on having fun as competing, so just bring your wetsuit, your favorite handle, and of course your feet and join in the fun. You might see Chris Onofrio of Humble, Texas, the women's world record holder in barefoot jumping, break her own record!

# Ski School Data

### ARMSTRONG SKI SCHOOL

Home of the 1986 South Central Regional Tournament, also home of Rafe Armstrong, former National Jumping Champion and Men I Overall Champion, currently 1985 National Slalom Champion, many Regional and Intercollegiate titles. Also, at the Ranch will be Call Armstrong, member of N.I.U. National Title Ski Team and National competitor and Jeffry Armstrong, many National Medals plus four-time third overall at Nationals and Sr. Women's Trick and Jump Record Holder for the South Central Region.

### BENNETT WATER SKI SCHOOL

Jay And Anne Bennett are both personally involved each day in the instruction and supervision of their students. We use dry land instruction daily to explain to our students what they are trying to accomplish on the water. We care about the end result with each student. Last year we coached Ken Autore, who broke the Jr. Boys National Slalom Record and won the Jr. Boys National Slalom title (congratulations Ken!). Large comfortable housing and home cooked meals also add to an enjoyable stay with us. These are a few of the many things that make us a popular choice when looking for a school.

### BENZEL SKI CENTER

"What works in skiing, works in life." Patience, committment, hard work and confidence yield the same results in skiing as in life. Progress is the goal for every student at the Benzel Skiing Center and the formula used is the same one David and Cyndi Benzel have used in their skiing and coaching for years. It consists of a basic philosophy which has made them National Overall Champions and earned them national acclaim for their well-balanced coaching approach. This positive and encouraging style works for beginners and it works for champions; it works in skiing and it works in life.

### GARDEN VALLEY RESORT

Open May through September. Improve your skiing skills on Private Record Capability Lake designed to provide the best possible learning conditions. Located in the rolling hills of East Texas at beautiful Garden Valley Resort. Excellent accommodations. Good food. All ages, beginner to tournament level taught including Slalom, Trick, Jump, Barefoot (Boom). Video equipment, Ski Nautique and Master Craft Boats used. Jet Skis, Windboard, Golf, Tennis and lots more. All included in weekly rate of $425.00. Daily lessons available. Ski rides weekends and special weekday hours.

### INTERNATIONAL TOURNAMENT SKIING

The training ground of over 30 World National Caliber Champions. At our ski camps each student is treated individually and a program is custom tailored to meet his or her personal need. We have two basic training principles. The first principle is time on the water by limiting our enrollment, individuals are guaranteed to receive maximum effective ski time with full supervision by a qualified ski instructor. Instruction is the second factor of our program. We integrate our progressive teaching methods with comfortable lodging, balanced meals,and fun diversions to create an experience that will benefit our students. Skiers from over twenty-five countries have selected ITS for training. If your goal is to become a skier who not only excels, but who can begin to recognize problems and work out solutions, then ITS is for you.

### KEN WHITE WATER SKI CAMP

The Ken White Water Ski Camp School is happy to announce a new facility called Rainbow Lakes. It is located six miles southeast of Ferris, Texas, which is twenty miles south of Dallas on Interstate 45. We have a new man-made lake which is two-hundred feet wide and runs east and west which will give us great water conditions. Please come see us.

### ROBERGE WATER SKI SCHOOL

We provide an excellent opportunity with all the comfort of home. Wholesome home cooked meals along with student housing on ski site. We teach trick, slalom and jump behind Correct Craft boats. We accept water skiers from all levels of ability, recreational to competition. Our enrollment is limited to eight students with an individual skiing program designed to accomodate your level of skiing. Open all year long. Courtesy airport pick up. We provide Ridder dance skis from our Pro Shop, Carl Roberge's men swim suits and T-shirts. Twenty minutes from downtown and forty minutes from Disney.

### SWISS SKI SCHOOL

Located in central Florida near Disney World and Cypress Gardens, offering four private lakes, six slalom and two jump courses. Instructional levels from beginner to professional. We offer much more and extend an invitation to all.

SKI CENTURION

*Selected to tow the 1985-1986 American National Water Ski Championships.*

# A horse is for riding. A racehorse is something more. The difference is performance.

Sharply sculpted, front-opening, wing windows. A new, streamlined deck. Ski lockers. A kill switch for safety. Stereo sound. A panoramic, rear view mirror. Updated graphics. And a Eurostyled instrument panel and driver's seat that will make you feel as though you're behind the wheel at the Grand Prix. MasterCraft's Pro Star. The ski boat that's always been something more has more than ever for '87.
